

# MEAL MIX™

## Media Amendment 2 - 6 - 4

*MOTHER EARTH MEAL MIX™ is a carefully selected blend of natural materials, formulated to provide a baseline media amendment to build upon for the bloom stage. It is a distinct mix of beneficial ingredients that is intended to be used as an additive to your favorite growing media by either blending it in or as a top dress.*

**APPLICATION:** Blend 1 to 2 pounds (2-1/4 to 4-1/2 cups) into 1 cu ft (6.43 gal) of pre-planted soil or coco fiber. Use 70 to 140 grams (1/3 to 3/4 cup) per gallon of media. For media that already contains significant nutrition cut these rates by 2 to 4 times. Do not use with very "hot" soils until the initial charge starts to diminish. For already planted media, top-dress with 17 to 30 grams (1.5 to 2.5 Tbsp) per gallon of media weekly. Work into the top 1-2 inches and cover with 1-2 inches of fresh media.

### GUARANTEED ANALYSIS:

Total Nitrogen (N).....	2%
0.8% Water Soluble Nitrogen	
1.2% Water Insoluble Nitrogen	
Available Phosphate (P <sub>2</sub> O <sub>5</sub> ) .....	6%
Soluble Potash (K <sub>2</sub> O) .....	4%
Calcium (Ca).....	7%
Magnesium (Mg) .....	2%
