

House and Garden® Coco

<p>1. Identification of the Product and the Company</p> <p>Product Name : House & Garden Coco Manufacturer : House and Garden Inc. 4700 West End Rd. Arcata, CA 95521 USA Emergency Phone : House and Garden: (707) 382-9636 24-hour Poison Control Center: (800) 222-1222 24-hour HAZMAT Emergency Response: (888) 255-3924 Recommended Use : Plant growth medium</p>
<p>2. Hazard(s) Identification</p> <p>Classifications: None.</p> <p>Pictograms: None.</p> <p>Signal word: None.</p> <p>Precautionary Statements: None.</p> <p>Storage: Store in a cool dry places. For long term storage, be mindful of ant infestations. Though rare, there have been instances of ants colonizing the product. Store off the ground and soil to alleviate this problem.</p> <p>Disposal: Dispose of contents and packaging in accordance with all federal, state, and local regulations.</p>
<p>3. Composition / Information on Ingredients</p> <p>Chemical Description : Coconut fiber Description : Coconut fiber used as a rooting medium. Hazardous Ingredients : None.</p>
<p>4. First Aid Measures</p> <p>Inhalation : Move to fresh air and monitor health. Seek medical attention if Skin : May cause minor skin irritation or allergy response in sensitive individuals. Rinse site with soap for 15 minutes and remove contaminated clothing. Seek medical attention if irritation persists. Eyes : Hold eye open and rinse gently with water for at least 15 minutes, ensuring to flush underneath the eyelids. Call a doctor or poison control center for treatment advice. Ingestion : Potential gastro-intestinal irritant. Call a doctor or poison control center for immediate treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless advised to do so by a medical professional. Do not give anything by mouth to an unconscious person. First Aid Facilities : Water, wash facilities</p>

House and Garden® Coco

5. Fire Fighting Measures

Extinguishing Media : The product itself is not self-igniting. Preferred extinguishing media are water spray, water jet, foam, CO₂, dry ice.

Unsuitable

Extinguishing Media : None.

Hazards from combustion : General smoke inhalation.

Protective equipment : In case of fire, wear a self-contained breathing apparatus and eye protection.

6. Accidental Release Measures

Emergency Procedures : No threat upon spilling. Clean up spill to avoid tripping hazard.

Personal Precautions : Avoid contact with eyes.

Containment and : Stop the source of the spill. Disposal subject to all applicable federal, state, and local regulations.

House and Garden® Coco

7. Handling & Storage

Handling:

Keep out of reach of children. Not for internal use. Avoid contact with skin and eyes. Avoid rough handling to ensure structural integrity.

Storage:

Store in a cool dry places. For long term storage, be mindful of ant infestations. Though rare, there have been instances of ants colonizing the product. Store off the ground and soil to alleviate this problem.

8. Exposure Control/Personal Protection

Exposure and

Threshold Limits : Not applicable.

Engineering Controls : Access to running water and an eye wash station.

Personal Protective Equipment:

Skin : If, experiencing irritation, promptly remove contaminated clothing and rinse skin with soap and water for 15 minutes. Launder clothing before re-use.

Eyes : Wear safety glasses or goggles when working with this product in case of dust. Ensure an eye-wash station is near work area.

Respiratory : No special safety equipment needed. Avoid inhaling dust by using appropriate handling methods. If fiber is especially dry when handling, consider the use of a respiration mask.

9. Physical & Chemical Properties

Appearance : Brown fibrous, crumbly.

Upper flammability limit : Unavailable

Lower flammability limit : Unavailable

Odor : Earthy aroma

Vapor Pressure : Unavailable

Odor Threshold : Unavailable

Vapor Density : Unavailable

pH : 5.0 – 6.5

Relative Density : Unavailable

Melting Point : Unavailable

Freezing Point : Unavailable

Solubility : Not soluble

Boiling Point : Unavailable

Boiling Range : Unavailable

Crystallization temperature : Unavailable

Flash Point : Unavailable

Evaporation Rate : Unavailable

Danger of Explosion : None.

Flammability : n/a

Auto-ignition Temperature : Not self-igniting.

Decomposition Temperature : Unavailable

Vapor Pressure : Unavailable

Viscosity : Unavailable

Partition Coefficient (n-octanol/water) : Unavailable

10. Stability & Reactivity

Chemical Reactivity : No reactivity anticipated. Poses little or no immediate hazard.

Chemical Stability : Stable under normal conditions of use and storage. No stabilizers needed. Color change is not indicative of any safety issues.

Conditions to Avoid : Do not expose to heat in excess of 200°C.

Materials to Avoid : None anticipated.

Suitable Materials : Plastics, PVC

House and Garden® Coco

11. Toxicological Information

Routes of Entry	: Eye, skin contact, inhalation, and ingestion.
Eyes	: Immediate and delayed irritation, reddening in acute and chronic exposure.
Skin	: Delayed irritation possible.
Inhalation	: Fumes are not produced in standard environmental storage conditions.
Ingestion	: Acute and chronic ingestion could result in abdominal pain and vomiting.
LD50	: Unavailable
Carcinogenic Properties	: None of the mixture ingredients are listed on the National Toxicology Program Report on Carcinogens or on the International Agency for Research on Cancer Monographs.

12. Ecological Information

Ecotoxicity	: There is no data specific to this product. It is potentially toxic the organisms in its concentrated form.
Persistence and Degradability	: Inherently biodegradable. Non-persistent.
Mobility	: Not mobile in the environment.
Bioaccumulation Potential	: Material will decompose similar to any natural vegetation, leaving similar natural chemical elements behind.
Environmental Protection	: Rake up spills and add to compost or dispose of in green waste.
Leaching	: Limited.

House and Garden® Coco

13. Disposal Information

Soiled containers : Ensure that disposal is in compliance with all federal, state, and local regulations.

Remainders/unused product: Ensure that disposal is in compliance with all federal, state, and local regulations.

14. Transport Information

Shipping Information : House & Garden Coco
Harmonized System Commodity Classification Code : 470100
Commodity Classification Standards Board : Code 70, non-hazardous

15. Regulatory Information

OSHA Hazards
None of the ingredients are listed.

OSHA Designated Carcinogens
None of the ingredients are listed.

TSCA (Toxic Substances Control Act)
None of the ingredients are listed.

USDOT Hazardous Materials
None of the ingredients are listed.

EPA (List of Lists)/ SARA
None of the ingredients are listed.

NIOSH
None of the ingredients are listed.

16. Other Information

The information provided in this Safety Data Sheet is to our best knowledge and belief, accurate and reliable as of the date compiled. However, no warranty or guarantee is made in this respect. It remains the user's responsibility to ensure the suitability and completeness of this information for a particular application. House and Garden Inc. does not accept liability for any damage or loss that may arise from the use of this information.
