

# Gavita Pro Line e-Series

## 6/750e DE 277-347 V

Gavita Pro Line e-Series 6/750e HPS fixtures are designed to meet the highest professional standards for effective lighting in climate-controlled grow spaces. These units allow for a wide range of outputs, giving the customer flexibility in its application. Paired with premium lamps, these fixtures help to provide your grow with optimum light levels and performance you can rely on. Using the built-in Repeater Bus Interface on the ballast, you can control up to 500 fixtures per control channel when paired with the Gavita Master Controller (sold separately). This pairing enables you to centrally turn on/off, dim, or access sunrise/sunset features.

### FEATURES

- Designed for use on 277 / 347 volt industrial power in the U.S. and Canada
- Controllable range of 375 W up to 825 W
